From The President's Desk

Dear Residents,

By the time you read this the 1st heat wave will have passed- and hopefully is was uneventful. We will do all we can to keep the clubhouse accessible to those that might need it during excessive heat events.

Speaking of events... please consider supporting the many clubs that try and keep this an active and welcoming community. We are striving to have something for everyone. As always, if there is an activity or group you would like to see here, speak up. A community garden? Book club? Let us know- you just might inspire others. I encourage you get involved in our community. Your ideas, input and feedback are invaluable in shaping our future.

As always, thank you for your continued support.

Stay cool !!

Dues Assessments

The third quarter payment for 2024 dues will be due on July 1, 2024. A late fee of \$15 will be added to your account on the 1st of each month if dues are not paid on time. Association dues assessments are payable on or before the first day of a given quarter. To ensure that your dues payments are posted correctly, your payment must be accompanied by a dues coupon containing all of the required information. Be sure your information is legible. Payments may be sent to the Clubhouse by mail, brought to the Treasurer's office or placed in the dues box on the main floor of the Clubhouse. **Dues coupons are available at the Clubhouse and are published in The Sentinel.**

As a homeowner, your obligation to pay dues continues as long as you own your home and it is the homeowner's obligation to pay dues for renters. Individuals residing in your home with you on a permanent basis ("permanent" defined as a stay of more than 90 days) must be 19 years of age or older and are obligated to abide by the Association's governing documents. Also, remember, if you own more than one home, each property is subject to dues.

**TREASURER'S
 OFFICE**

Dear Residents:

As we roll into the summer months you will notice some changes happening around the clubhouse. The Officers, with the approval of the Board of Trustees, are making some much needed repairs such as repairing the sidewalks, new plantings and painting the doors to freshen up the look of the clubhouse. We are also making some additional changes in the offices

to make room for the new secretary. Annamarie, our Office Administrator, will be moving to the Treasurer's office so we will provide just one stop to answer your questions about your Homeowner's Account.

When this change is completed, the Treasurer's office will be open every weekday from 10:00 am until 1:00 pm and Saturdays from 10:00 am until 1:00 pm for your convenience. In addition, I will also be available by appointment after normal office hours. This applies to the Treasurer's office only and does not include the main office.

Yours truly,
 Jim Conway

July 2024

July's birthstone symbol is the Ruby, and it is considered to be the king of gems and represent love, health and wisdom. It was believed wearing a fine red Ruby bestowed good fortune on its owner. A Ruby is the most valuable gemstone and its value increases based on its color and quality. July's birth flower is larkspur. Each color variation of larkspur has a different meaning: pink means fickleness, white conveys a happy nature, and purple normally represents a first love. Generally, larkspur indicates strong bonds of love.

July brings one of our most important days of the year to observe.

July 4th, Independence Day commemorates the signing of the Declaration of Independence on

July 4th, 1776. Independence Day is the most important secular holiday held in the United States. Americans take this day to celebrate all that is American, remembering the great sacrifices of our forefathers as they fought and won our independence from Great Britain. The holiday is also referred to as 4th of July, named after the date it is celebrated each year. Celebrated with fireworks and our red, white and blue colors, the United States is home to every and any nationality, we welcome all, giving everyone the opportunity to live a free, peaceful and wonderful life.

Our President John F. Kennedy, said, "Let every nation know, whether it wishes us well or ill, we shall pay any price, bear any burden, meet any hardship, support any friend, oppose any foe, to assure the survival and success of liberty".

God Bless these United States.

Lady of Liberty

lady of liberty and mother of freedom and justice to all,.....
who offers her welcome to whomever may call,
be them rich, poor or oppressed,....
she stands watch in the in her robes, so dressed,....
...a gift of friendship from France to the U.S.
dedicated in 1886 and designated a national monument in 1924,.....
a historic landmark to it's very core.
she passed her torch from Bedloe's to the renamed Liberty Island,...
...never frowned,.....but, kept on smiling.
she raised her torch of eternal light and freedom upward
toward the heavenly clouds,.....
evoking cries and tears of emotion from the visiting crowds.
so, thanks to the great genius of Bartholdi and Eiffel our symbol
of freedom still stands by the bay,.....
to signal to all passing through, that Liberty, Justice and the
pursuit of happiness and opportunity in America is here to stay,.....
in the good ole U.S.A.

Mulch & Fire Pits

by R. Laird

Wood Mulch Fire Code – The approved NJ Fire Code pertaining to not placing mulch within 18 inches of certain structures, does not take effect until April 2025. When the new regulation does take effect, one (1) and two (2) family owner occupied solely residential dwellings are “exempt”. However, the clubhouse is not exempt. Mulch will be required to be placed a minimum of

Wood Fire Pit Requirements – As open burning of any kind without a permit is prohibited, commercially purchased fire pits for residential usage only, are permitted if the following requirements are satisfied. Total fuel area must be less than 36 inches in width, length or diameter and not more than 24 inches in height, the fire pit must have legs and is off the ground and the fire pit is covered with a mandatory ember/spark screen. The ember/spark screen is required to be in place at all times during the usage of the fire pit. The location of the fire pit shall be away from all combustible materials. Fire pit usage is prohibited when the NJFFS has issued a “Red Flag Warning”. The burning of paper, leaves or other waste vegetation is also prohibited. Any type of fire pit, commercial or homemade, not meeting the stated requirements is considered “Open Burning” and thereby prohibited from usage, unless a permit is applied for and issued.

When you see a STOP sign, it does *not* mean that you should slow down and then speed up — *No, no!*

You must come to a complete standstill, and look both ways, before you proceed.

Please obey all stop signs, including those in and around our community. Other drivers, bikers, and walkers will thank you.

Remember:

It's the law!

Whenever someone performs an act of kindness, the world becomes a better place. When we notice and express gratitude for a kind act, more kindnesses are certain to follow.

EMERGENCY CONTACT FORM

Life changes. As your needs change, you may change a will, create powers of attorney and deal with other legal issues. One thing you may forget to do is notify this Homeowners' Association of changes to your emergency contact information. It is essential that you advise the office of changes in persons or phone numbers to be contacted in case you experience an emergency. An emergency could include a fall in your home, a fire, a late-night pick-up by an ambulance. When authorities, such as police, firemen, and ambulance workers contact the Clubhouse because they need to contact people on your behalf, it is important that the information stored at the Clubhouse is up to date. So, please, if you are not sure if your information is up to date, err on the safe side and complete the Emergency Contact Form on page 43 of this Sentinel. You can mail it to us, drop it in the door slot, or pay us a personal visit.

SILVER RIDGE PARK WEST HOMEOWNERS' ASSOCIATION RULES AND REGULATIONS

APPROVED BY THE BOARD OF TRUSTEES

Sec. 1. (Approved 11/14/2022) The Board may promulgate such rules as it deems necessary and proper for the protection of the Association's property and to promote the general well-being of its Members. All rules must be approved by a majority of the Board voting.

Sec. 2. (Approved 11/14/2022) The Board shall have the right to enforce the rules and regulations so promulgated and shall have the right to levy reasonable fines for violations of the *Covenants and Restrictions, By-Laws, Rules and Regulations* and any other governing documents.

Sec. 3. (Approved 11/14/2022) Common Grounds and Forestry rules must be adhered to. Only dead, dying or diseased trees on Common Property will be removed by the Association after certification from a licensed tree service. At the discretion of the Common Grounds and Forestry Committee, trees on Common Property abutting a Homeowner's property may be removed or trimmed by the Homeowner making a request if Homeowner bears the expense. No trees or shrubbery shall be planted that restrict access to Common Property by necessary equipment. Homeowners are prohibited from using Common Property for storage or dumping. Vehicles are prohibited from parking on Common Property. Homeowners are not permitted to plant vegetation of any kind on Common Property.

All Common Property areas abutting two lots or more must be shared by all such abutting homeowners. No action may be taken on these areas until approval has been granted by the Common Grounds and Forestry Committee.

Trees on public right of way (ten (10) feet in from curb) may not be topped per Berkeley Township ordinance. Trees may only be removed by permit from Berkeley Township.

Sec. 4. (Approved 11/14/2022) One shed (aka storage box) shall be permitted on a Homeowner's lot with the written approval of the Architectural Control Committee. Dimensions of the shed/storage box shall be optional but shall not exceed ten feet in width by eight feet in depth by eight feet in height (10'by8'by8'). The shed shall be free-standing and must be located (3) three feet from the rear property line and (3) three feet from either the right or left property line. It shall not require footings but shall be anchored against wind movement or wind overturn. All sheds/storage boxes shall be constructed of treated wood or a resin material, and maintained so as not to create an eyesore in the Community. Prior to installation, approval must be obtained from the Architectural Control Committee and a permit and approval obtained from the appropriate departments of Berkeley Township. Also, once shed/storage box is installed the Architectural Control Committee must be notified so that the shed/storage box can be inspected to ensure that proper installation and size were adhered to.

Sec. 5. (Approved 11/14/2022) No trailer, trailer truck, van, home trailer, mobile home, boat, commercial vehicle, ATV, or jet ski shall be parked within the confines of a Homeowner's property, between Homeowners' properties, or on Common Property. The van restriction does not apply to a personal use van that can be housed in the Homeowner's garage or driveway. All vehicles must be parked within the designated driveway area. No vehicle will be permitted to park on the grass or stone area adjacent to the Homeowner's driveway. If visitors are staying overnight and have a restricted vehicle as herein described, the Homeowner is directed to obtain permission from the Association to park in the Clubhouse parking lot, with the understanding that the Homeowners Association is exempt from liability. No vehicle of any type, ie., motorcycles, jet skis, atv's, etc. shall be housed in sheds.

Sec. 6 (Approved 11/14/2022) Driveways or any other property associated with the homeowner's property will not be used for any type of storage. This includes appliances, disabled vehicles or parts, garbage, and/or any other type of debris.

Sec. 7. (Approved 11/14/2022)

FENCING

There are two types of fencing allowed to be installed on a homeowner's property. They are defined as Permanent or Temporary Fencing.

PERMANENT: Fences that are attached to a rear of a house, installed in the ground and encased in concrete or structural foam. The homeowner must have approval issued by the Architectural Control Committee before installation can be performed. The homeowner must supply the necessary documentation and plans to the committee before approval. A drawing on an engineering property survey is required for fences installed near the property line.

Permanent Fence installations will require the homeowner/contractor to obtain permits from Berkeley Twp. Homeowner must supply copies of issued permits and inspections to the Architectural Control Committee.

Permanent fences may be white vinyl, with solid panels, pickets, or slats, with open decorative tops. The solid panels

can be no higher than 4 feet high from ground level and the total height can be no higher than 5 feet from ground level with the decorative top. Wrought iron fences must be black and can be no higher than 5 feet high from ground level.

All Permanent Fences must be installed professionally and meet current construction codes.

Fences shall be within the rear footprint of the house and can be up to the rear property line. The fence must contain at least one gate as to provide emergency egress.

All Permanent Fences must be kept in good condition and repaired as needed.

GARBAGE CAN PRIVACY SCREEN

A homeowner may install a privacy screen for the purpose of concealing the homeowner's garbage cans. Screens can be either no dig or permanently mounted on the garage side of the house. Screens to be 36" W x 48"H and should not exceed 72" in length. Screen may be made of vinyl or metal. This screen can be left up all year long.

PROHIBITED FENCING: Chain Link, Wooden Stockade, Steel Panel, Cattle Fencing, Snow (orange construction weave fence) or Homemade type.

TEMPORARY FENCING (ALSO REFERRED TO AS GARDEN FENCING):

TEMPORARY FENCING MAY BE INSTALLED ON MARCH 1ST AND MUST BE REMOVED BY NOVEMBER 1ST EACH YEAR.

Temporary fencing is defined as fencing not permanently attached, which may be for the sole purpose of protecting plantings. It is not to be installed as a backyard fence.

Temporary fencing must be kept a minimum of 3 feet (36") from the rear property line and within the footprint of the house.

Temporary fencing **MUST NOT BE** permanently installed and **MUST BE** readily removable.

Approved Temporary Fences shall include wire "NO DIG" panels, plastic temporary fences attached to removable steel or plastic stakes. Height of the fence is not to exceed 4 feet (48") tall.

PROHIBITED TEMPORARY FENCING: Homemade chicken wire fences, solid plywood, steel panel, snow fencing (orange construction fencing), chain link and fencing that has wooden or pipe posts that are dug down more than 8" and encased in foam or concrete.

Architectural wrought iron no dig style fences on the side of the house cannot exceed 36" from the footing of the building and must not violate building separation codes as determined by Berkeley Township Fire code. These fences must be black, not more than 48" high and must be removed by November 1st.

Architectural wrought iron no dig style fences can be installed in the front of the house from the edge of the building foundation to the front door but shall not be more than 39 inches from the building. These fences must be black, not more than 48" high and must be removed by November 1st.

Temporary Fencing protecting trees, flowerpots, and bushes on the front lawn area of homeowner's property are prohibited.

The Architectural Control Committee Reserves the right to have the homeowner remove the fence if it is decided it does not meet current standards, lack of permits or it is considered a safety hazard.

Sec. 8. (Approved 11/14/2022) Satellite dishes, hot tubs, and hardwired house generators must have the approval of the Architectural Control Committee prior to installation. After approval by the Architectural Control Committee, the homeowner must obtain appropriate permits and approval from Berkeley Township. After installation, the Architectural Control Committee must be notified so they can inspect to ensure that HOA guidelines were followed.

Sec. 9. (Approved 11/14/2022) Patios or decks must not exceed the footprint of the house and must be fourteen feet from the Common Property line. If a Homeowner wishes to install or expand a patio or deck they must submit to the Architectural Control Committee of the Association a survey with a sketched drawing of the placement and measurements of said improvement, and a list of the materials being used. The Homeowner must also obtain appropriate Berkeley Township permits. If cement or pavers are being used the Homeowner must submit to the association written approval by Berkeley Township Building and Construction and a signed, notarized statement showing that drainage is in compliance with the Berkeley Township Building and Construction code.

Section 10: (Approved 2/13/2023) Wading pools are permitted on homeowners' properties. A wading pool is defined as a plastic or blow-up pool that holds 12 inches or less in depth of water and can be dumped every evening. Architectural control approval is required.

KIRMS PHOTOGRAPHY Foreground Objects

This month we'll discuss a compositional topic – including a foreground object. When shooting landscape images, most people position themselves so there is nothing close in the picture, only the landscape in the background. Without a foreground item to anchor the image, your viewer has no sense of distance.

By including a foreground object you give a sense of depth to the image and the viewers can better immerse themselves into the scene. Never center the foreground anchor (remember your rule of thirds) – it should be off to the side, which will help lead the viewer into the scene.

This technique is not just for landscapes, but works with indoor images of large rooms, shots in your yard, and any situation where you're trying to portray depth in your image. This foreground object can be used to frame your subject. Combining foreground objects with good exposure and utilizing the other tips we've previously discussed

will yield you some great images.

That's it for this month. As always, you can send me an email at bill@kirmsphotography.com if you have any photographic questions. Visit my website, www.kirmsphotography.com, if you'd like to see more of my images. Keep shooting and trying to improve your images, but most importantly, have fun with your camera.
